

**Files included in these docs package:**

- 1. loadboard\_64pin.pdf**
- 2. sys\_ref.pdf**
- 3. readme.pdf (this file)**

**Note to loadboard\_64pin.pdf**

1. This document contains diagrams and netlist for the 64 pin generic board.  
Page 1: General view  
Page 2: Diagram for the ZIF sockets in the loadboard  
Page 3: Layout of the loadboard  
Page 4-9: Netlist for all of the 6 ZIFs.
2. Dimensions in all the diagrams are in Mil.
3. Codes of the starting characters in the netlist:  
A - Analog  
AGD - Analog Ground  
D - Digital  
DGD - Digital Ground  
DPS - Device Power Supply  
UTI - Utility

Detailed description can be found in the System Reference (sys\_ref.pdf).
